

RESOLUTION TO AMEND GATEWAY BILL DEFEATED

Bi-Partisan Onslaught on Omnibus Bill is Also Started

(By The Associated Press)
SPRINGFIELD, Ill., May 23.—Defeat of the Gateway Amendment resolution and commencement of the bi-partisan onslaught on the omnibus appropriation bill marked the sessions of the house of representatives today. The senate unenthusiastically passed several bills.

With 102 votes, a two-thirds majority needed for a motion, the Gateway Amendment proposal mustered only 94, there being 50 votes cast against it. Legislative action was applied to it, however, in the form of a motion by Representative Sheppard, Democrat, Jerseyville, to reconsider which carried, 78 to 58, and the resolution was made a special order for next Tuesday.

Representative Sheppard had voted against the proposition, and it was said by some other opponents that they also might change their minds. It was reported about the house chamber that there was a change of sentiment since it became known that the state head of a certain organization is opposed to liberalizing the amendment clause of the present basic law. Only one of a half dozen attempts to reduce items in \$18,000,000 omnibus measure was completed, most of the others being defeated by at least 20 votes. Party lines were disregarded with house members friendly to Attorney General Brundage, proposing and supporting the slashes.

Reduction of \$150,000 was made in an item of \$250,000 for indemnifying owners of tubercular cattle destroyed by law "and for the purpose of defraying other expenses incidental to the administration of the act."

Quoted Phrase Stricken.
This quoted phrase was struck by the same amendment, offered by Representative Rice, Republican, Greenville, who, with Representative Igoe, Democrat, Chicago, said authority thus was given for officials of the department of agriculture to misuse the funds.

Mr. Igoe said \$225,000 might be used to pay political hirelings and only \$25,000 to pay the cattle owners.

There is pending in the house appropriations committee a senate bill appropriating \$1,200,000 to owners of destroyed cattle and the house agreed that \$1,000,000 should be enough for the purpose. Representative Tice lost in attempts to eliminate items for new employees whose salaries will range from \$900 to \$3,600. These workers are multigraph experts and operators, clerks, Camp Grant watchmen and other minor employees.

Representative Castle, Republican, Barrington, was defeated when he moved to strike a \$35,000 item for a monument to Nathaniel Pope, an Illinois governor before the Civil War. He and other Republicans said that no disrespect to the former governor was meant but that they believed in practicing economy wherever possible. The roll call was 67 to 65 to table the amendment after the house clerk had given a vote of 73 to 54 on a rising vote. Prospects are that all of tomorrow will be needed for consideration of the omnibus measure while the Democrats have not yet begun their expected avalanche of amendments.

MUSTACHE IS GROWN BY JUROR

(By The Associated Press)
CHICAGO, May 23.—While waiting for a jury to be completed for the trial of Fred Lundin and 21 co-defendants on school graft charges, one of the eight jurors has grown a mustache. The judge failed to recognize him this morning when the eight men took their seats in the jury box for the examination of the twelfth venire of 100 men since the trial opened on April 23.

"Are you a member of this jury?" Judge McDonald asked.

"Yes I've grown a mustache since you saw me last," replied the juror.

"I only hope you don't grow a gray beard before this trial is started," an attorney interjected.

RECALL GERMAN AMBASSADOR

(By The Associated Press)
ESSEN, May 23.—Officials of the Krupp Works today confirmed reports that they had requested the Berlin government to recall Dr. Otto Wiedfeldt, German ambassador to the United States, and one of the directors of the Krupp concern, as he is needed at the plant in consequence of the imprisonment of 1 Krupp workman Bohlen and the other heads of the concern by the French court martial.

The officials added they had not learned what action the Berlin government has taken.

NO MORE BODIES ARE DISCLOSED IN MEXICALI RUINS

All Persons Reported Lost
Are Accounted for

(By The Associated Press)
CALEXICO, Calif., May 23.—A careful search of the ruins in Mexicali today failed to disclose bodies of any of the persons reported to have lost their lives in the fire which swept over a block and a half in the business district yesterday afternoon and last night. All of the persons who were reported by names as having lost their lives were accounted for.

There remained a report that fourteen Chinese were trapped in the basement of a cafe and were not seen to emerge. The ruins of this building were burning to night and firemen and police were unable to get to the basement.

Pedro Gonzales, operator of a motion picture machine in the theatre where the fire started, who was one of those reported dead, was located today. He said he escaped after seeing that all the occupants of the theatre got out. He blamed a faulty electrical connection for the fire.

Altogether 47 buildings were destroyed, most of them being small frame structures. Insurance men gave out revised estimates that the damage was slightly under \$2,000,000 about half covered by insurance.

About one thousand Chinese lost their homes and about 600 tons of rice they had stored in them was lost.

CONVICTED OF PRODUCING AN IMMORAL SHOW

Producer and Cast Are
Found Guilty by
Jury

(By The Associated Press)
NEW YORK, May 23.—Thirteen persons, including the cast and Harry Weinberger producer of the play "God of Vengeance," were convicted by a jury today of producing an immoral show.

The jury deliberated less than two hours. Rodolph Schidkrecht, noted Viennese actor who played the leading role Miss Virginia McFadden and James Meighan, three members of the cast of 12 all of whom were convicted were not present when the verdict was announced.

The entire cast with Weinberger, was indicted several months ago under a section of the state penal law which tried the case said he would not be severe in imposing sentence. The maximum penalty it was said, is three years in prison or a fine of \$500.

Weinberger who conducted the defense, cited plays from Shakespeare and others in his contention that the performance was not indecent or immoral.

The conviction, it was said was the first of its kind in 20 years of the last being presentation of the play Orge of Blossoms.

The defendants were released in \$300 bail each for sentence on June 22.

MAY CLOSE MAXWELL STREET MARKET

(By The Associated Press)
CHICAGO, May 23.—Clamorous Maxwell street market, crowded from curb to curb with push carts and vegetable booths, may become a plain, quiet thoroughfare if suit filed today to declare the district a public and common nuisance is successful.

John Petru, owner of a building near the market district, declared in his bill to enjoin operation of the market that conditions there are "intolerable" and that his life and those of his family are endangered whenever they pass thru on their way home.

Maxwell street market, long the marketing place for the Ghetto district of the city, for years and presented riot of color and confusion of noises and has been mentioned repeatedly in police records because of the frequency with which push cart merchants have clashed over desirable locations.

SETTLEMENT IN PIGGY WIGGLY NEAR

(By The Associated Press)
MEMPHIS, Tenn., May 23.—The controversy between Clarence Saunders, president of the Piggly Wiggly Stores, Inc., and one of town members of the "pig" which was associated with him in recent trading in the corporation's stock on the New York stock exchange, is approaching an amicable settlement according to F. A. Berry of Nashville, representative of the Nashville interests and understood to be a spokesman for New Orleans Piggly Wiggly investors, who declared tonight that an agreement had virtually been reached on "the principle" involved.

SIR ROBERT HORNE DECLINES OFFER OF PREMIER BALDWIN

Says Has for Time Being Turned Back of Any Kind of Office

(By The Associated Press)
LONDON, May 23.—Sir Robert Horne, chancellor of the exchequer in the late Lloyd George cabinet has declined to accept the chancellorship of the exchequer in the new cabinet of Prime Minister Baldwin, it was announced this evening.

Premier Baldwin has been busy thruout the day consulting with his colleagues and the political leaders, but it is not expected that he will be in a position to submit a list of the new ministry to the king before tomorrow. Four appointments tonight are certain: Marquis Curzon as foreign secretary; the Earl of Derby, war; Colonel Sir Samuel J. Soame, secretary of state for air and Lieutenant Colonel Leslie Orme Wilson, chief whip.

Apparently Mr. Baldwin took the opportunity of his accession to the premiership to attempt to effect a reconciliation of the differing sections of his party, and as a first step invited Sir Robert Horne, to become chancellor of the exchequer. It was supposed yesterday that Sir Robert had accepted, but in a speech at Glasgow tonight he said:

"For a time at least I have turned my back on any prospect of any office in any ministry."

Thus the new premier's first effort at reconciliation failed and Mr. Baldwin has the difficult task of finding a new chancellor, since it is not likely he would care to assume the heavy task of double role of premier and leader in the house of commons combined with the chancellorship.

Austen Chamberlain returned to London tonight and Sir Robert Horne will arrive tomorrow.

They will enter into consultation if conciliation proves possible. It may be that Mr. Chamberlain will become the new chancellor.

It is asserted with some show of authority that Lord Robert Cecil will be included in the new administration. If so, it will be a very important move.

Bonar Law had a more favorable night and was pronounced slightly better today.

FORMER JUSTICE ADVOCATES LEAGUE

(By The Associated Press)
WASHINGTON, May 23.—John H. Clarke, former associate justice of the supreme court, in his first address in Washington since his retirement from the bench, advocating entry of the United States into the league of nations, declared today he did not urge acceptance of the covenant "as it was in 1920 nor as it is now."

He does urge acceptance of the covenant, he told an audience assembled by the league of nations non-partisan association and comprised largely of social workers here attending the national conference of social work as it "would be as modified by such reservations as our present administration or if not that the next one, may propose as conditions of our entering it."

Mr. Clarke said he was asking no man to "change his party allegiance," but was seeking to lay before the nation, the reason he thought the United States should join the league.

GENERAL ALLEN MAKES ADDRESS

(By The Associated Press)
Chicago, May 23.—General Henry T. Allen, commander of the American forces on the Rhine before their recall, declared today before the Chicago association of commerce that the "invasion of the Ruhr has caused an economic loss to the world of 5,000,000,000 francs in business and production."

General Allen said destiny demands America's participation in conferences affecting world affairs and that isolation is impossible.

FREYLINGHAUSEN PICKS OUT BIG JOB

New York, May 23.—Former United States Senator Joseph E. Freylinghausen of New Jersey today announced he had undertaken the organization of a coal consumers' league to fight for federal and state legislation limiting the profits of coal companies and obliging them to make public all facts concerning their costs of production and distribution.

WASHOUT STOPS TRAIN SERVICE

Whita, Kans. May 23.—Train service on the Missouri Pacific railroad east of Wichita was annulled tonight as a result of a washout of 300 feet of track at Fall River, eighty miles east of here in Elk county, according to information received at the offices of the road here.

Morale of Prisoners Is Becoming Lower

(By The Associated Press)
WASHINGTON, May 23.—An official dispatch received from Peking by the state department tonight said the morale of the prisoners held by the Chinese bandits was "becoming lower." The message indicated that none of the captives had been put to death despite the threat of the brigands leaders to kill two of them if their terms were not complied with by the Chinese government by yesterday.

The following statement issued at the state department shortly before midnight, supplemented an earlier announcement that the diplomatic corps at Peking had named an international commission to investigate the bandit situation.

"The department has received information from the legation at Peking to the effect that Colonel John K. Davis and Major Philson reported at noon, May 23, that an investigation shows that the troops made several retreats and that on May 22 those nearest Paotsuku were distanced five miles. There was no fighting yesterday."

"Three representatives of the Gentry went in yesterday to urge the bandits to make reasonable terms. The bandits are showing indications of a desire to negotiate."

"The morale of the prisoners is becoming lower."

FIVE KILLED WHEN STRIKING WORKMEN AND POLICE CLASH

Much Disorder Thru- out Germany Over High Prices

(By The Associated Press)
DORTMUND, May 23.—Five persons were killed, including one woman and child, and from sixty to eighty persons were wounded last night in conflicts between striking women and the police, according to the casualty lists issued by both the workers and the police.

The Dortmund police and citizenry tonight were forming a self-protection force against the riotous elements. This force is being armed with clubs as fire arms are forbidden by the French.

The German police say the strikers are organized into units each of one hundred men and are well supplied with automatic pistols.

Many thousands of strikers attended mass meetings today in Dortmund, Buechum and other towns in the mining district and passed resolutions to use every effort to extend the strike thru out the Ruhr and the Rhineland. It is estimated that 60,000 men have quit work in the Dortmund district. Most of these are coal miners. The strikers are demanding a forty percent increase in wages because of the high cost of living and the depreciation in the value of the mark.

Speakers at the meeting today cited prices to show that the cost of living had doubled in the last few days.

In Steele and Kay today so-called German commissions of control, compelled dealers to reduce their prices by half or more. Many women accompanied the commissions.

German officials describe the strikers as communists, but the communist leaders say the workers include men of all parties. The Berlin government is declared to be greatly concerned over the strike. The Dortmund railroad men in a statement describe the strike as "more political than economic."

SOCIAL WORKERS ELECT MISS ABBOTT

(By The Associated Press)
WASHINGTON, May 23.—Election of Miss Grace Abbott, chief of the children's bureau, as president was announced at the closing session tonight of the national conference of social work. Miss Abbott was unopposed.

Speakers at tonight's meeting, which was devoted, like the other sessions of the day, to consideration of public opinion in its relations to social work included Governor Sweet of Colorado, Mrs. Henry Moskowitz of New York, former secretary of the New York state reconstruction commission and W. P. Beazell, assistant managing editor of the New York World.

St. Paul Minn., May 23.—Gov. J. A. O. Preus, today announced that he will file as a candidate for U. S. Senate to succeed the late Knute Nelson, immediately on his return from Canby, Minn., where he is scheduled to deliver an address tonight.

BACKERS OF FORD CAMPAIGN TRYING TO CONTROL MOVIES

Charge Made That Ford for President Club Making Effort

(By The Associated Press)
CHICAGO, May 23.—Charges openly made in convention circles that backers of a campaign in behalf of Henry Ford for president of the United States were endeavoring to gain control of the motion picture theatre owners association of America representing 12,000 exhibitors thruout the country were the center of attention at today's session, called to elect officers of the organization for the next year.

The charges were not mentioned by a delegate during the official session but figured largely in the action of the meeting. Elections went over until tomorrow.

Today's meeting opened with William A. Steffes, of Minnesota and James C. Ritter, of Detroit, as the leaders in the race for the presidency, and the general understanding among delegates that Sidney S. Cohen of New York, president had definitely withdrawn from the race. On the nomination roll call, Minnesota nominated Steffes, Michigan nominated Cohen, and Michigan passed.

The failure of the Michigan delegation to nominate Ritter created a stir on the floor which for a time threatened to disorganize the assembly, few minutes later the nomination of Steffes was withdrawn and another tumult ensued. Nominations for president were closed with Cohen the only likely man named for the office.

When their names were placed in nomination for places on the directorate both Ritter and Steffes declined to be considered for any office in the organization.

A motion by the Ohio spokesman to elect the two erstwhile presidential candidates to the board of directors was objected to by both Steffes and Ritter, the former of whom rose to a point of order to say he would leave the meeting if the chair put the question on the motion. Action went over until tomorrow.

President Cohen refused to discuss his reason for the sudden change of position. He indicated he would address the convention tomorrow.

Ritter and Steffes expressed indignation over the unexpected decision of Cohen to enter the race. Their campaigns, they declared had been based on Cohen's statement that he would give up the office.

MEXICALI MAYOR REPORTS 30 DEAD

(By The Associated Press)
MEXICALI, Lower California, May 23.—Mayor Juan Loera issued a statement today that thirty persons were known to have lost their lives in the fire which destroyed a section of this city last night.

Mayor Loera stated 30 bodies had been recovered from the fire zone and had been taken to the morgue in the municipal hospital. The bodies were not recognizable, he said.

All were recovered from the surface, the statement continued, three having been found in the motion picture theater where the fire started.

The majority were found in the vicinity of the site of the Paris cafe, where many Chinese had lodgings, he declared.

The mayor officially estimated the property loss at \$5,000,000. A re-checking today placed the property loss at about \$3,000,000, with more than one third covered by insurance, according to adjusters.

Nearly 50 buildings, many of them flimsy structures and large quantities of liquors, rice and general merchandise, were destroyed.

Mexicali officials said no help was needed, although it was reported fully 1,500 had been rendered homeless. Neighbors were said to be caring for them.

Federal troops are guarding the fire district, with orders to shoot any looters.

FAIRBANKS' SON NOW IN MOVIES

New York, May 23.—Douglas Fairbanks, Jr., 13 year old son of the famous screen actor, has signed a three year contract with the Famous Players-Lasky corporation, at a salary of \$1,000 a week, it was announced today. Work would be started at once on his first picture, it was said, in which he would be starred.

SIX ARE HELD ON KIDNAPPING CHARGE

(By The Associated Press)
CHICAGO, May 23.—Six men were being held by the police tonight in connection with the kidnapping and robbery last night of Mrs. F. G. Smith, wife of an attorney. One of the men held is a police sergeant and another a patrolman.

Mrs. Smith, who was found by the police in a suburb this morning, said that she had been thrown from her automobile by three men who boarded it and robbed her of a fur coat and jewels valued at about \$20,000, after forcing her chauffeur from the machine.

SPRINGFIELD WOMAN ELECTED PRESIDENT OF WOMAN'S CLUB

Mrs. George T. Palmer
Chosen Without
Opposition

(By The Associated Press)
CHICAGO, May 23.—The Illinois Federation of Women's clubs for the first time in its history closed nominations for the presidency with but one person named for the office, Mrs. George Thomas Palmer of Springfield, is the nominee for a two year term. The unanimous decision of the twenty-eighth annual convention of the federation to tender the post to Mrs. Palmer was interpreted by the convention as a promise of two years of unparalleled accomplishment and progress by the 75,000 club women of the state represented in the federation.

Mrs. Edward S. Bailey, of Chicago retiring president of the federation was honored with the post of director from Illinois on the board of the general Federation of Women's Clubs. She was the sole nominee for the office.

Mrs. Palmer who has been active in club work in the state for several years, was formerly president of the Springfield Women's Club, chairman of the local board of the federation and member of the Springfield Zoning and Planning commission. Her husband is Dr. George T. Palmer, president of the Illinois Tuberculosis association. Her special interest has been civic activities in behalf of public health. Her official headquarters will be in Chicago.

William L. Pelouse, chairman of the Illinois Deepwaterway commission explained the St. Lawrence waterway plan and urged support of the move by the federation's membership. Port facilities for ocean vessels in Illinois would make the state the economic center of the world, he said. The delegates were entertained tonight at a "pageant of woman's progress" depicting the development of woman's social position thru the ages, from the cave period to the present.

HOOPER IS CHOSEN AGAIN AS CHAIRMAN OF U. S. LABOR BOARD

Says Opposition Did Not
Come for Action of
Labor

(By The Associated Press)
CHICAGO, May 23.—Ben W. Hooper, former governor of Tennessee today was re-elected chairman of the United States Railroad Labor Board for 1923 in the first regular executive session of the board since President Harding made appointments for three vacancies. G. W. W. Hooper, public group member from Washington, was re-elected vice-chairman.

On his re-election Chairman Hooper said:

"I do not care to talk about the matter. Such opposition as there was to my re-election did not have its origin in my action of the board affecting labor questions."

The Illinois Central Railroad today notified the board that it had reached an agreement with the telegraphers, the employees having accepted a decision cutting an average of 3.42 cents an hour from their scale.

An increase of 2 cents an hour was granted by the Chicago & Eastern Illinois railroad to machinists, boilermakers, electricians, sheet metal workers and their helpers, the board was informed today.

CHICAGO REAL ESTATE DEALER ARRESTED

(By The Associated Press)
Chicago, May 23.—Henry Ulrich, real estate dealer, today was arrested in his office and charged with operating a confidence game in which complainants assert he has obtained nearly \$50,000 from persons who made payments on homes he advertised he would build. Attorneys for seven persons who have filed direct charges against Ulrich, declare he did not own the subdivision from which he sold lots and the illustrations of houses he promised to build were taken from mail order catalogs, they declared. He was locked up at the detective bureau on his failure to obtain bonds.

SOLE SURVIVOR OF CUSTER MASSACRE DEAD

(By The Associated Press)
BILLINGS, Mont. May 23.—Ulrich, the crowd scout, sole survivor of the Custer massacre of June 25, 1876 died Tuesday at the Crow Indian Agency and was buried here today. He was 65 years old. Death was due to a fever. Swathed in wet blankets and lying on the ground, movie photographers recently pictured the old scout for exhibition, on a visit to the agency. Out of pride, Curly arose and posed, then resumed the stoical treatment on which he depended to cure his illness but terminated in death Tuesday.

BOXER UPRIS IS RECALLED PRESENT SITUAT

United States Country to Start Peking Then

(By The Associated Press)
Washington, May 23.—The story turns upon the Chinese minister in Washington in 1900 was Wu Fan, who recently died in harness as foreign minister. President Sun Yat Sen's government. One of his friends was the famous Chinese, Yuan Shih Kai at the time governor of the province Chihli, which includes Peking and later emperor.

While the legation was besieged within the compound Peking by the Boxer forces, were almost completely cut from communication with the home governments and the outside world, and the Chinese government gave no assistance to powers.

At great personal risk, because discovery would have cost him life, Minister Wu induced Yuan Shih Kai to get into communication with the legation.

Soon afterward thru this the first news reached Washington that the prisoners had been killed, although they were great need of help.

A large international army gathered at Tientsin and conferences were held.

Wu laid the message before Secretary Hay who in turn carried it immediately to the white house. President McKinley summoned cabinet in special session and cablegram was dispatched to General Chaffee in command of American forces at Tientsin.

It was given a perfectly free hand to the issue was actual war.

The allied generals were in conference at Tientsin when a cablegram was handed to General Chaffee. He opened and read it in his pocket, and risked to his feet said:

"Gentlemen, at daybreak tomorrow the American forces will move on Peking. I should be very glad to have company, the more the better. But they go at a rate even if alone."

Immediately the British commander was on his feet and declared "I'm with you."

"The British troops will march with the Americans tomorrow morning."

One by one the other allies agreed and at daybreak began the famous march, headed by a little detachment of American marines. It resulted in the release of the legation a few hours before the time set for their extermination by the Boxers.

is insanity. The sooner the hammer-murderer is sent to an institution for criminal insane and the case forgotten, the better it will be for the public.
A great many people who highly respect William J. Bryan believe that he is accomplishing nothing by his stand on evolution. Even should Mr. Bryan be right, and the preponderance of evidence is certainly against him, it makes very little difference so far as the progress of the churches is concerned.
Compilation of figures shows that more than 50,000 bills have been introduced into the legislatures of 43 states. This presumably means that before the year is over there will be between 12,000 and 15,000 new laws upon the statute books of the states. As has been so often said, while there may be need of the new laws, the far greater need is the observance of laws already "on the books."

CHICAGO-LONDON AIR ROUTE
Forty-eight-hour air service between London and Chicago is confidently predicted by a British aviator. Passenger planes capable of carrying 200 persons will be used. Chicago is chosen as the terminus for this future route because it is nearer the heart of the United States than any other large city.
When this development of commercial aviation has arrived, however, many cities will spring into importance which now show little promise. That is because extensive aviation will make any city less dependent upon railroad and water transportation facilities than at present. An air port will have as much incentive to growth and progress as a lake or ocean port regardless of location.
It is possible to prophesy almost anything in aviation development these days with reasonable expectation of fulfillment. All that has been already achieved seems only to give promise of even greater things to come.

MOVIE STAR INCOMES
Ever since Charlie Chaplin signed his famous million-dollar contract back in 1917, the public has had an idea that movie stars made money in fabulous amounts and with comparatively little effort. Other contracts for \$100,000 or more for a single picture have dazzled the public mind. But that money is not all clear profit as shown by evidence brought out in a federal trade commission inquiry.
Film stars, said the witness, are paid for the completed negatives. Out of that lump sum the star—be it man or woman—must pay the producing expenses. These include the salaries of the director, camera men and supporting cast, building of sets, film negative, location costs and traveling expenses. What is left the star

may have. It is considerably less than the original sum, though it is usually more than enough to keep the wolf from the door. In some cases, too, the contracts provide for a percentage of the net profits of the picture when it is shown.
All of which proves, not that movie stars do not receive big pay, but that they do more work for it and run more risk of loss than the public has realized.
IN ETERNAL SNOW
(NEA)
What do you know about the Eskimos? You've seen pictures of them, standing around in the snow in their heavy furs, and probably decided they looked too stupid to be interesting. But the Eskimos are a remarkably fascinating, strange people, according to an interview with Donald B. MacMillan, the Polar explorer, published in the Christian Register.
Parents select their children's husbands and wives among the Eskimos. Men marry at 20, girls at 12. A man's at liberty to have two wives if he can support them. The first wife is never jealous of the second, for she knows the newcomer will, by custom, do the household drudgery.
Orphan children are gladly given a home with any family they select. And Eskimo children never are punished. The old are deeply respected.
Life up there is a problem of hunting wild game for clothes and food, with no other industry that amounts to much. Eskimos have no calendar, no days, weeks or years. No woman knows her age. Time is taken as it comes, without worry, without measuring it.
Until they were discovered by explorers in 1830, says MacMillan, the Eskimos thought they were the only people in the world. They accept this belief as too people who started the human race, an Adam and an Eve. The old men pass on to succeeding generations a legend about "a great flood that long, long, ago came over the tops of the hills 2,000 feet high." Noah's flood?

BERTON BRALEY'S DAILY POEM
REFUGE
By Berton Braley
WHEN the world is all of a golden glow,
And the blood in your veins is a tingling flow,
And joy is calling you to and fro,
Where laughter echoes and songs ring true!
It's an irksome thought that you have to slave
At a task afar from the play you crave,
And often and often you rail and rave
At the daily work that you've GOT to do.
HOW glad you'd be if you dared to drop
The work of office or farm or shop,
If you could only afford to stop
Whenever the impulse bade you to,
And wander away to have your fling,
Like a capering lamb in the flush of spring;
Ah, often enough it's a wearisome thing,
The daily work that you've GOT to do.
BUT when, with sorrow and woe and pain,
You're sick of heart and soul and brain;
And your courage is cracking beneath the strain,
And skies are sullen and gray to view;
Ah, then, you're glad that a task is there!
A rock to cling to 'mid seas of care,
And the thing that shall rescue you from despair
Is the daily job that you've GOT to do!

FISHED AT BILOXI
Gates Strawn, who not long since made a visit in Biloxi, Miss., has shown a number of friends a kodak picture which was supposedly taken as Mr. Strawn was returning from a fishing expedition. According to the picture Mr. Strawn had just succeeded in landing a two pound fish. However, a number of people who have seen the kodak have asked Mr. Strawn for still further evidence of his work with line and hook, as he has never before had a reputation as a successful angler.

U. S. W. V. AND LEGION BROADCAST JUBILEE
Both Organizations Are Working Every Day to Advance Big Three Day Celebration—Make Reservations for Delegates—Fireworks Display Given Publicity.
Both the United Spanish War Veterans and the American Legion are busy every minute boosting the coming jubilee on June 14, 15, and 16, when the U. S. W. V. will hold its annual encampment here, and the new soldiers' building will be dedicated on June 15th, and it can be taken as an assured fact that Jacksonville will entertain the largest crowd of visitors that has been seen in this city for many years.
The U. S. W. V. are daily receiving reservations from delegates all over the state. Beginning next week they will start to bill all of the surrounding country advertising the fireworks display, eight act circus, Snark Parade, and the special program on June 14th, which has been set as the memorial day commemorating the twenty-fifth anniversary of our war with Spain. This organization will also join with the American legion in parade and ceremonies for the dedication, but have made elaborate plans for making not one big day but three big days with plenty of entertainment for all visitors whether former soldiers or not.
The American legion believing that grass will not grow on a race track, have determined that no grass will grow on the roads in this section of the state, as they have plans for almost nightly booster trips to surrounding towns with the band from the federal training center, a quartette, and all kinds of real live speakers and boosters. Last night a large crowd of these new producers went via autos to Beardsown and made intermediate stops at Arenzville and Concord and as has always been the case so far on these trips they made good with a vengeance and received promises of full support from the towns visited.
At Beardsown the boys received the most royal treatment of any place yet visited on these trips. When they arrived, they found that a bandstand had been specially built on the square for the occasion, and a crowd of approximately two thousand awaited them. Judge Dietrick introduced Col. O. C. Smith who made a very stirring address which was loudly applauded by the crowd. After the program the Jacksonville delegation was entertained with a big spread at the Legion hall, and the boys left with the ironclad promise that Beardsown would not only be here in strong numbers but that they would continue to boost and pull for Jacksonville at every possible chance.
Tomorrow evening the Legion will accept the invitation issued by Commander Knotts of the Springfield post to attend the regular social meeting of that post. Arrangements will be made for all vets that can possibly go to have transportation ready on the north side of the square ready to leave at 6:15. As usual the band and vaudeville entertainers from the hospital will accompany the delegation and the Jacksonville boys will stage a parade in Springfield before going to the hall.
The Woodson post has notified the local post that they will be here in force for the dedication and will bring their band with them, plus a large delegation of citizens.
So, when Jubilee week comes the vets will hark back to the days of real sport and "Shoot it All."

Telephone Talk No. 18
"Excuse It Please"
Occasionally there is no one on the line when you answer your telephone. This may be due to several causes:
You may have been slow in answering and the person calling, possibly having grown impatient, has hung up.
The calling person, suddenly conscious of having called the wrong number, has replaced the receiver on the hook without waiting for a response.
Your line is looped through many sections of switchboards so that it is available to a multitude of operators. The operator who answers your calls knows nothing about incoming calls to your telephone.
If the calling person hangs up and is disconnected your line is automatically shifted to the calling position and the operator asks what number you want. When you reply that your bell rang, her request that you "Excuse it please," seems an admission that we have been at fault, but frequently this is not the case.

**WHITE HALL COUPLE
WEDDED FIFTY YEARS**

Mr. and Mrs. John W. Trunnels to Celebrate Golden Wedding Anniversary Soon—Other White Hall News

White Hall, May 23.—Assessor John W. Trunnels, who holds the state record for continuity in that office, paused from his official duties today long enough to explain on at his home on West Franklin street for a social function. The intended event is to memorialize the fiftieth anniversary of his wedding with Miss Rebecca J. Lakin, in Calhoun county May 27, 1873. The family came to White Hall in 1886. In 1897, Mr. Trunnels was elected assessor of White Hall township, which office he has since held continuously, and is now serving his 26th year. He served as assessor in Calhoun county before coming to White Hall. Mr. and Mrs. Trunnels have ranked with the real nation holders, in that they reared a family of eleven children, two of whom, Mrs. J. N. Schier and Mrs. J. W. Smith, are deceased. The nine surviving children are Frank I. White Hall; Miss Ada, St. Louis; Mrs. Arthur Rogers, Austin, Texas; Mrs. Stella Johnson, St. Louis; Floyd, Kansas City; Mrs. Oren Cook, Jacksonville; Roy, Cheyenne, Wyoming; Mrs. Harry Strang, Kansas City; Mrs. Manford Gibbons, Roodhouse. Mr. Trunnels service as assessor gives White Hall another state record that has not yet received the recognition accorded the four athletic heroes in the tremendous demonstration last Monday night, participated in by all the schools of Greene county, and winding up with a huge bonfire and Indian war dance on Main street.

South Carrollton street. Her age at death was nearing 78 years. She had been an invalid for upwards of thirty years, and for ten days prior to her death she was in a critical condition.

The deceased was a native of England, coming to America in a sailing vessel when she was five years of age. Her husband, also a native of England survives. The couple were married at Carrollton, where they spent the greater part of their lives until coming to White Hall ten years ago to reside with their daughter excepting short periods of residence at Wodlawn and Virden. Her husband served in the Crimean war and upon coming to America enlisted and served in the Civil War.

Mrs. Simpson has been a member of the M. E. church since childhood. The funeral discourse will be delivered by Rev. J. O. Kirkpatrick, pastor of the M. E. church, in the Rose home at 1:30 Friday, and the remains will then be taken to Carrollton for interment.

Club Women Had Picnic

The annual picnic closing the season of formal meetings of the Domestic Science club, was held Tuesday afternoon, and the attendance of 75 far exceeded the expectations. Owing to the unfavorable condition of the atmosphere for an outdoor affair, the company assembled in the home of Mrs. Mont Winters, adjoining the grove of the Winters premises. The business was carried out under the direction of Mrs. H. V. Littleton, retiring president. It was decided to erect a float for the Revolutionary parade on the Fourth of July, and a committee headed by Mrs. Clyde King will carry out the decision. Mrs. Carl Davidson and Mrs. L. O. Sullivan were elected to membership.

It was the largest and best closing session yet held. At the previous meeting the sum of \$100.00 was voted toward the fund for furnishing the club room of the Whiteside-Griswold memorial library. The meetings next season will be held in the library with the following official direction: President Mrs. James Hadcock; Vice President Mrs. R. I. Beatty; Secretary Mrs. F. M. Collins; Treasurer Mrs. J. D. Rowe; Reporter, Mrs. J. E. Thompson; Program committee, Mrs. Minnie Winters, Mrs. Walter Dunphy, Mrs. F. N. Collins, Mrs. R. I. Beatty.

A visitor Tuesday afternoon was Mrs. C. W. Henry of Loveland Colo.

Than Dr. Carey's Marshroot Prescription No. 777—Guaranteed

Cincinnati, O., July 25, 1920.—After having been relieved of kidney troubles of several years standing by Dr. Carey's Marshroot prescription No. 777 am exceedingly grateful and loud in its praise—have recommended it to several fellow-workers who were also benefited beyond their belief by its use. It is my candid opinion that there is no better remedy than Dr. Carey's Marshroot. August 3rd I received your letter asking permission to reproduce my letter to you (as above). If it will in any way help people to realize the true merits of Dr. Carey's Marshroot prescription you are at liberty to do so. I know that it cured me. I suffered great pain for several years and am certainly grateful and feel confident that if people who have kidney trouble will use it long enough to give it a fair test there will be more grateful ones added to the list.—John E. Douglas, 103 W. Court St., Cincinnati, O.

IMPORTANT—Marshroot Prescription No. 777 is Dr. Daniel G. Carey's own formula. It is not a patent medicine and was originally sold through drug stores to accommodate his patients. You can always get this effective prescription at reliable pharmacists the country over.

**FRANKLIN YOUNG MAN
TO WED GIRL FROM WEST**

Engagement of J. Willard Dods-worth and Miss June Sydenham of Sacramento, Cal. is Announced—Wedding to Take Place in Fall.

The many friends of J. Willard Dods-worth of Franklin will be interested in learning of his engagement to Miss Doris June Sydenham, of Sacramento, Calif., the wedding to take place in the early fall.

The engagement was announced recently at a tea given by Miss Jessie M. Clark of San Francisco at the St. Francis hotel, at which two hundred guests were present. Mr. Dods-worth is a son of Mr. and Mrs. W. T. Dods-worth, Franklin and is widely known throughout this county. He spends the winters with his parents in Piedmont, California, but is now spending several months in the state of New York.

Miss Sydenham is a daughter of Colonel Hugh Sydenham of Sacramento, and belongs to one of the most prominent families of the coast state. She is one of the most popular of the East Bay society girls and is possessed of unusual personal charm.

Miss Sydenham subsequent to her graduation from Miss Anna Head's school for girls in Berkeley, spent some time in art study in Europe and later traveled extensively. She is a member of the Chi Omega sorority at the University of California.

Mr. Dods-worth was for two years a student at Illinois College in this city and has a large number of friends here. He was a member of the S. A. T. C. while here and later entered the University of Illinois. He was later transferred to the Purdue university, graduating from the Agricultural there in 1921. He is also a graduate of White's Preparatory School at Berkeley, Calif., and a member of Kappa Iota Pi fraternity there. At the U. of I. he became a member of the Alpha Gamma Rho fraternity.

Mr. Dods-worth plans to spend some time in Morgan county during summer months, returning to California in the early fall for the wedding.

**MURRAYVILLE CLUB HAD
EXCELLENT PROGRAM**

Mrs. W. B. Rimbey was hostess to the Murrayville Domestic Science club and several guests at her pleasant home south of Murrayville Wednesday afternoon. The program opened with a solo by Mrs. Rimbey, accompanied by Mrs. C. R. Short. Then came a brief business session.

The roll call subject was "At What Age are Women Most Efficient." Numerous interesting answers were given in response to this unusual roll call subject.

The first paper, "Life's Pathway," by Mrs. W. W. Walker, was a marvelous picture of life in all its beauty, the writer bringing out ideals which were a combination of moral strength and spiritual nobility. The second paper was "Woman's Clubs Today and Tomorrow," by Mrs. J. H. Fuller. This paper gave an excellent history of woman's clubs and also inspiring suggestions for the betterment of the clubs of tomorrow.

There were thirteen members and six guests present, the guests being Mrs. C. R. Short, Mrs. C. J. Wright, Mrs. Martha Masters, all of Jacksonville; Mrs. Harry Cade, Miss Mary Black of Murrayville and Mr. J. W. Campbell of White Hall.

At the close of the meeting the hostess served delicious refreshments of strawberry short cake, ice cream and cake. The next meeting will be held on Wednesday, June 13, at the home of Mrs. R. D. Mawson.

**Goodyear****Tires**

are not

High Priced

Some people have the opinion that a tire with such high quality material and long service must be high priced. They are mistaken.

It is produced in such volume, and by such economical methods that it can be sold at a price lower than others must get for tires of comparable quality or less.

The Goodyear Cord is built by the Goodyear method of group-ply construction, with the plies laid in alternate groups insulated with pure rubber. That means reduced internal friction, and consequently longer wear. This group ply construction is a patented feature found only in Goodyear tires.

Its carcass is made of selected long-staple cotton, with the highest tensile strength of any cotton used in tire building.

It is armored with high-grade tread stock, thicker than the treads of most tires. This stock is carried down to the bead, making a strong sidewall that is highly resistant to rut wear and curb wear.

Its tread design has an efficient, non-skid character, a high resilience, and a distinctive resistance to wear.

Delegation of Virginia Ladies Arrive at Home Yesterday and Give Good Program—Aged Inmates are Made Happy by Gifts of Clothing—Refreshments are Served

The inmates of the Old Peoples' Home were made happy yesterday afternoon by a visit of six auto loads of ladies from the Virginia Christian church. The Loyal Daughters' Class of the Sunday School of that church, assisted by a number of other ladies, came to the city and gave a program of music and readings at the home. They then served refreshments of fresh fruit, cake and coffee.

The party was led by Mrs. William Hawk, wife of the pastor of the church; Mrs. French, wife of a former pastor, was a member of the party. About thirty ladies made up the delegation. They arrived at the home about 2 o'clock, gave the program, served refreshments, and inspected the home. They brought a large quantity of clothing to distribute among the aged residents at the home.

REPORT SHOWS GOOD BUSINESS CONDITIONS

(By The Associated Press)
WASHINGTON, May 23.—An encouraging estimate of business conditions and a promise of further help by the war finance corporation were contained in a statement made today by Fred Starck, acting head of the corporation after a conference with President Harding.

As managing director of the finance corporation, Mr. Starck recently made a tour of the south and west, traveling many thousands of miles by airplane and making many inquiries into the financial condition of many industries. He reported the results of this canvass to the president at their conference today and also discussed some features of the political situation and of Mr. Harding's forthcoming trip across the continent and to Alaska.

How to build up your Weight

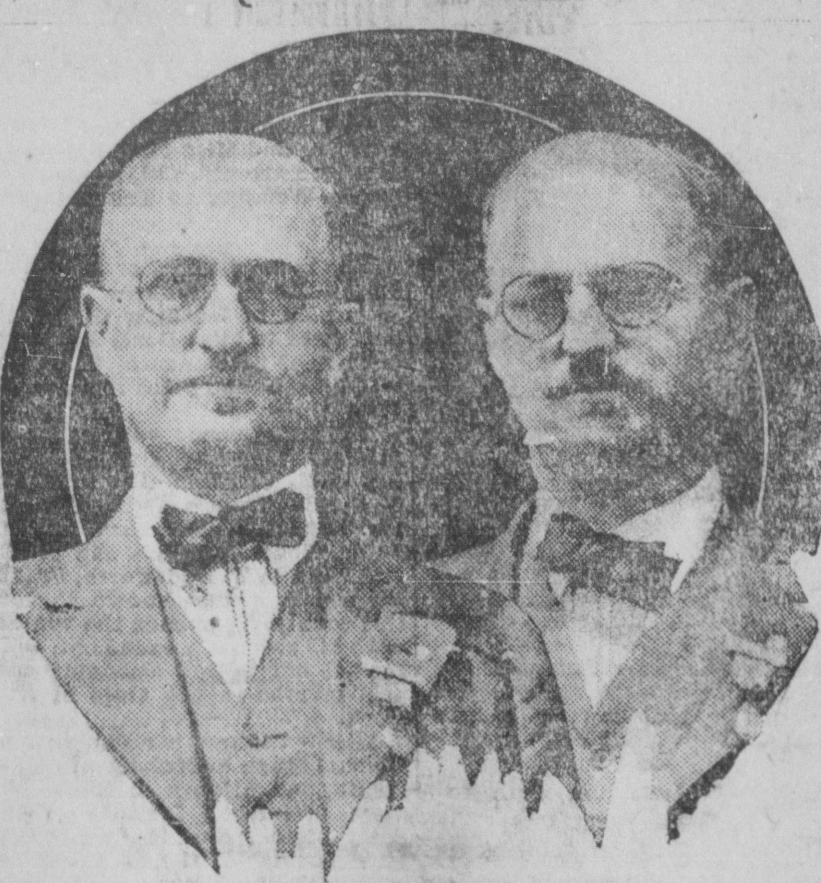

Increase your Red-Blood-Cells. That's the sure way; S.S.S. builds Blood-Cells; this means strength! Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves low fight

Only well-developed, healthy men and women enjoy the best in life. ing-power in the body. It often means you're minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1826, has meant to thousands of underweight men and women, a plus in their strength. Yellow cheeks all out. You stop being a rickety-looking fellow. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all good drug stores. The large size is more economical.

Drs. W. C. and W. H. Tuckerman, twins of Cleveland, confuse even patients by their almost identical appearance. They practice together and in order to identify themselves for delegates at a recent Ohio State Medical Association convention, Dr. W. C. (left) fixed his tie so that the left end pointed over his left shoulder and Dr. W. H. did just the opposite.

ADJUDICATES OF RACE BILLS HEARD YESTERDAY

(By The Associated Press)
SPRINGFIELD, Ill., May 23.—Advocates of legalized racing in Illinois were given a hearing tonight by the senate revenue and agriculture committees in which are pending the Webster bill and tentative bills to legalize racing and pari mutuel wagering. The speakers, all from Chicago were Silas H. Strawn, for the agriculture committee's proposed measure, known as the Washington Park bill; Bert Collyer, for the Webster bill; Barret T. O'Hara, former lieutenant governor for the Webster bill; Major Frederic McLaughlin, for the Washington Park bill, and W. E. Golden, who supported the Denver bill. The latter measure also legalizes pari mutuel betting.

All of the bills pending provide for a state racing commission to supervise the sport. Mr. Golden declared frankly that he wanted a bill to permit gambling and that he wanted to be allowed to bet on races. Mr. O'Hara expressed opposition to any form of gambling.

PROBLEMS TROUBLE IN NEAR EAST PARLEY

(By The Associated Press)
LAUSANNE, May 23.—The allies have abandoned a formal session of the near east conference probably until Saturday in order to seek a settlement of the troublesome problems, avoid a rupture of the conference and find a solution of the Greco-Turk differences arising over reparations. An effort is being made to straighten out the reparations matter in inducing Greece to cede some territory to Turkey in return for renunciation of an indemnity.

The British delegation has issued a long statement reviewing the work and affirming that much has been accomplished. It adds that both the allies and Turkey want peace, but "there is no heroic shortcut to the end all are seeking."

The British statement says that the allies have prepared a new formula for judicial safeguards for foreigners in Turkey, which they hope will at least afford a basis for discussion and concludes with an appeal for patience, because the allies are dealing with a Turkish government which is intensely sensitive with regard to its sovereign rights.

GIVES ADVICE TO PROHIBIT AGENTS

(By The Associated Press)
CHICAGO, May 23.—In a statement made public today by W. K. Forman, who investigated the situation at Ecorse, Michigan, for the Chicago Daily News which has published articles written by him concerning liquor smuggling over the border from Canada, said he would advise the Michigan prohibition director to "take a bootlegger" to Ecorse and investigate.

"The estimate of 25,000 smugglers bringing over 100,000 gallons of booze from Canada every day was made by a Detroit newspaperman," he said. "The prohibition director maintains that most of this whiskey is synthetic whiskey made in Detroit. The whiskey that I saw smuggled was not synthetic and if it was made in Detroit it had been smuggled to Canada and back again."

CONVICT WHIPPING WILL BE LOST ART

Tallahassee, Fla., May 23.—Whipping of convicts became a discarded institution in this state today, when Governor Hardee signed a legislative measure outlawing it and commissioner of agriculture W. A. McRae immediately issued instructions carrying out the intent of the law to convict wardens and guards.

J. C. Rexroat was a business visitor from Virginia yesterday. Austin Patterson of Ebenezer neighborhood transacted business in Jacksonville Wednesday.

WOMAN SPEAKS WORD FOR EMPLOYEES

(By The Associated Press)
CHICAGO, May 23.—Employers must do more than provide cafeterias and ice water for workers; they must so conduct themselves as to earn and hold the employee's respect, Mrs. J. Frank Hull, said to be the only woman manufacturer of men's clothing in the United States, declared in an address here today before the convention of the International Association of Garment Manufacturers.

Discussing the subject of "women in business," Mrs. Hull declared that the problem is not one of sex but of ability.

WELL KNOWN BLUFFS WOMAN PASSED AWAY

Mrs. Mary Korty Answers Final Summons Wednesday

Bluffs, May 23.—Mrs. Mary Korty passed away at her home two miles south of town early Wednesday morning, aged 68 years. Almost two and one-half years ago she fell on the icy walk at her home sustaining injuries to her hip which rendered her practically an invalid. For a time she seemed to improve and was able to walk by the aid of a cane. A few weeks ago her condition became serious and she was unable to leave her bed. Funeral services will be conducted from her home at 2:30 o'clock p. m. Friday. Interment in the Green cemetery.

Mrs. Mary Korty, wife of the late Fred Korty, Sr., was born in the vicinity of Exeter where she grew to early womanhood and was united in marriage to Mr. Gailroth. Two children were born, Annie who died in early childhood and Mrs. Sophia Middenhoff. While yet a young woman she became the bride of Fred Korty, prominent farmer two miles south of town. Five children were born, all of whom survive, Louis Korty, Fred Korty, Jr., Mrs. Minnie Tholen, Mamie and Emma Korty at home.

Decedent was a woman who numbered her friends by the score, was kind and generous to all, was a devoted wife and mother and a great lover of her church and her home. The greater part of her life has been spent at Apple Pie Ridge where her neighbors loved her and are in deep grief because of the misfortune which resulted in death. Besides her five living children she is also survived by two step-children, John Korty and Mrs. Rosa Finnissmier who were at her bedside when the end came. Two brothers, Fred and Ernest Yearling have preceded her in death. One sister, Mrs. Herman Gunther survives. She was a faithful member of the Lutheran church at Neeleys. Her pastor, Rev. John Detendorf of that church will conduct the funeral service.

I. S. D. TEAM WILL PLAY BLUE MOUND

The baseball team of the School for the Deaf will play Blue Mounds high school here Saturday afternoon at 3 o'clock. The other game with them resulted in the deaf team losing by a score of 5 to 4 and the boys are going to try to even matters up. Manager Burns is also trying to arrange a game with Chapin high school for June 1st. As it will be impossible for the Iowa state school for the deaf baseball team to come here during the reunion which is to be held June 7, 8, 9, and 10, on account of examinations, graduations, etc. Manager Burns is trying to arrange a game with either a Chicago or St. Louis high school team during that time.

AN AUTO ACCIDENT

While coming toward Jacksonville late Tuesday night in a Ford car Carl Trent, residing on Route 3 near Strawn's Crossing met with an accident on the state road just east of the Alkire oil plant. The steering gear became locked throwing the car into the ditch on the right hand side of the road, the only damage to the car being a bent fender. Mr. Trent sustained some cracked ribs caused by the steering wheel, but the young lady who accompanied him very luckily escaped without injury. Mr. Trent was taken to the offices of Dr. Duca and was later removed to Passavant hospital where he was resting very comfortably yesterday afternoon.

Elza Harmon was among the Wednesday callers from Concord.

WOODSON HOUSEHOLD SCIENCE CLUB MET

Club Elected Officers Heard Interesting Papers and Enjoyed Two Course Luncheon.

The Woodson Household Science club held its regular meeting Wednesday afternoon at the home of Mrs. Howard Owings. She was assisted in entertaining by Mrs. Fred Quimby. The members responded in the "roll call" with answers to the question: "What the Household Science Club Means to Me."

A paper on "Interior Decorations," which was written by Mrs. Alta Trotter was read by Miss Eva Mortimer. Mrs. Bess Smith read a paper on "Roosevelt as a Sportsman."

Two papers dealing with things which the club could do were read. Mrs. John Carlton had the subject "What Can Our Club Do for the Home," and Mrs. Nettie Ezard discussed the subject: "What Can the Club do in the Community."

During the business session the club made plans for the holding of a picnic on June 5 at the home of Mrs. Emma Phelps. At this time the members and their families will join in a get-together affair, which is an annual affair. The committee in charge of the picnic consists of Mrs. Bess Smith, Mrs. A. E. Powell and Mrs. Emma Hembrough.

During the meeting the club elected officers for the coming year as follows:

President—Mrs. R. R. Jones.

Vice President—Mrs. Bess Smith.

Secretary—Miss Eva Mortimer.

Pennsylvania Hard Coal For 1923

The eastern states have just gone through their greatest coal shortage. There is no assurance that the spring and summer tonnage will ever get caught up with the demand in 1923.

On September 1st the Present Mine Wage Scale on Hard-Coal Expires

The hard coal miners want more money. Their low day pay scale is about \$5.00. The low day scale for soft coal miners is about \$7.50. This is what the hard coal miners are asking for. It looks like more money and higher priced coal or a strike. Take your pick and take your chances.

Get Your Hard Coal Early and You Are Safe

Prices will not change much this year. The most important factor now in anthracite is that of getting it. It will be impossible to make up the lost tonnage and the east will be given the preference. So the wise householder will get his coal now while it can be obtained.

Progress and Appearance

The individual progress of a city is the progress of its individual citizens. Clean streets, fine buildings, parks—all expressions of confidence in the community and civic pride—produce an appearance of progress.

The man who dresses properly, who appears before others in garments that fit, and keeps pace with the world about him, appears successful and progressive.

EQUALLY as important as civic beauty and progress is that personal and individual self-confidence which impels people to dress well. The world judges largely by appearance. It has been our privilege and our function to advance this city's position by dressing its citizens properly and protect their appearance through many years.

Your call this spring will be appreciated.

DEATH OF ALEXANDER MAN CAME LAST NIGHT

John Martin Hohman, Jr., Passed Away Wednesday Night as Result of Pneumonia—Funeral Arrangements Not Completed

The death of John Martin Hohman, Jr., occurred shortly after 10 o'clock Wednesday night at his home in Alexander. Mr. Hohman had not been well for several weeks, but his condition was not recognized as serious until recent days. Pneumonia was the cause of death.

Mr. Hohman was born July 12, 1887 at Alexander and spent his entire life there. He was married Sept. 20, 1915 to Anna C. Ludwig, who survives him together with three children: Marie, John M. and Elmer Philip.

Mr. Hohman is also survived by his parents, Mr. and Mrs. John M. Hohman; two sisters, Miss Gertrude of Jacksonville and Miss Mary of Alexander, together with four brothers: John, Philip, William and Lloyd, all of Alexander. The deceased had been engaged in the paint and wall paper business in Alexander for several years and was one of the successful business men of Alexander. His friendly spirit gave him wide popularity and he was recognized as a man of worth and integrity. He was a consistent member of the Church of the Visitation of Alexander.

Arrangements for the funeral have not yet been completed.

WESTMINSTER HELD INDOOR PICNIC

Large Attendance at Social Event Followed by Business Session—Ready Response in Raising Next Year's Budget

Members of Westminster church and congregation enjoyed an indoor picnic at the church Wednesday night. A committee from the Aid society furnished a part of the menu but each family had been notified to bring dishes and sandwiches.

An excellent supper was served in cafeteria style and afterward came a brief service of song and Dr. Thomas Smith read a scripture lesson. Then a meeting of the membership was held, with W. J. Brady, president of the board of trustees, presiding. A report of the finances for the past year was made by the treasurer, Mrs. C. B. Massey, and then the budget for the coming year was outlined.

The purpose was to secure pledges for the next year, which will begin October 1. The responses were readily made and the budget will be completed at an early date thru personal canvass of the members not present last night.

The supper arrangements were very successfully managed by Mrs. J. H. Russell and the members of a committee appointed for the purpose.

CARD OF THANKS.

We wish to thank the many friends for the kindness shown and for the beautiful flowers sent in our recent bereavement.—Mr. and Mrs. Harvey Craig.

CORRECTION

Among the different churches that the Jacksonville Hi Y club met during the past year was the Northminster church which was omitted from the list printed in Wednesday's Journal.

FACTS ABOUT BANK EXAMINING IN STATE

Suggestions Made For Better Laws—State Auditor Russel Favors Banking Department.

(By A. L. Brown Jr.)
(State Journal)

There are fourteen hundred and thirteen state banks in Illinois. They have total resources of nearly two and one-quarter billion dollars and deposits of one billion, seven hundred and fifty million dollars. Investors have put one hundred and forty-five million dollars of their money into the capital of these banks.

The law contemplates that the state shall exercise a very strict supervision over them. The interest of both stockholders and depositors demands that this supervision and examination shall be of the most painstaking and exacting character. It is not so much dishonesty that must be guarded against as it is unwise and untried business methods, looseness in administration, indolence in keeping borrowers to the scratch. Examination pays as much attention to these subjects as it does to the integrity of banking transactions.

The law is not specific that the state auditor by whom the banks and building and loan associations are supervised must make at least one complete examination each year but this has been accepted for a number of years as its intent. The present auditor, Mr. Andrew Russel, feels that one examination a year is not sufficient. He would as well as the national government which examines national banks several times each year.

But to make one examination a year he has a force of seven-teen or eighteen examiners. One has only to divide fourteen hundred by seventeen to determine what each man must do to realize that he is attacking what is almost the impossible.

The state fixes salaries which private business outbids. Since the first of last July Auditor Russel has lost seven examiners who have gone from his service into private business at salaries in excess of the State's standards. For instance, H. W. Savage recently accepted the presidency of a Chicago bank at twelve thousand dollars a year which compares with fifteen thousand the state was paying him.

So the plea of the auditor and of the bankers of the state for more examiners and better salaries appears to be justified by the magnitude and certainly by the delicacy and importance of the work.

Auditing Work Increases

Since the state entered upon bank supervision and regulation it has exercised its authority through the state auditor. The auditing and accounting work of the auditor in recent years has increased many hundred fold by the general assembly. This alone is probably sufficient to tax his time and thought. The increase in the number of banks and building and loan associations and the growth of their business has stimulated a demand for a banking department in the state government that shall be free of every other duty. Mr. Russel has favored the creation of such a department with a bank commissioner at its head. "This appointment should be made by the governor or by a board, consisting of the state officers," says he. "Every precaution must be taken to keep the position free from any and every political influence states the bank commissioner is appointed by the governor from the recommendations of the bankers associations, in others by the governor by his own selection. I think the banking business has reached such magnitude in Illinois that it is entitled to a distinct and separate department for its supervision and regulation. There would be practically no additional expense to the state by reason of the separation of the banking department from the state auditor's office."

The Illinois constitution requires that every law on the subject of banking shall be submitted to the people at a general election for their approval. Efforts have been made in the past to give to the auditor certain discretion in the issue of permits to open books for subscription to stock and the final charter but the supreme court has always held them to be unconstitutional. The auditor in this state must issue permits and charters whether the moral character and business reputation of the applicants and organizers are good, bad or indifferent. He may exercise no discretion when the local situation plainly indicates that there is no room for another bank. Many bankers of this state, however, seem to want to try it again and are urging a law that will definitely repose in the auditor or banking commissioner the authority to deny a permit to organize or a charter, when he is convinced that the character of the man behind the project is bad or that the interest of the community is not going to be served but may be injured by the opening of another bank.

The presence in the constitution of the provision that bank legislation must be submitted to the people for approval owes its existence to "wild cat" banking that prevailed throughout Illinois prior in 1870, the year in which it was made. The people of the state had suffered great losses through the banks of that period. Failures had been numerous. The financial fabric of the state was rotten. Development of industry and natural resources was held back by the instability of the banking system.

So great was popular feeling on this question that the constitutional convention resolved to

retain in the people's hands complete control of banking legislation. The reasons for the mandatory referendum on this particular subject long ago passed. A more elastic and an easier method of amending the banking laws from time to time as amendments were indicated is desirable but it cannot be until there is a new constitution or the present one is amended.

CHAPIN WOMAN'S CLUB IN REGULAR SESSION

Mrs. E. F. Joy was hostess to the members of the Chapin Woman's club and a number of other guests Tuesday afternoon. Roll call was answered with "Quotations." There were two excellent papers, first "The Nation's Fight against Tuberculosis," by Mrs. Howard Tucker who is especially interested in the subject and a worker for our own county Sanitarium. Mrs. E. E. Sides read an entertaining account of "The Amusing Experiences of a Hotel Manager. During the social hour there was Victrola music and two readings by Miss Helen Sides. Delicious refreshments were served by the hostess. Guests were: Mrs. C. H. Cowdin, Mrs. T. H. Pratt, Mrs. C. B. Joy, Mrs. Elsie Hermetil, and Misses Effie Markham and Helen Sides.

Ideal Baking COMPANY

Face Powders Like we use in Movieland

By Edna Wallace Hopper

I am not a maker of cosmetics. My work is on the stage and screen. But I have arranged to supply others the formulas which made me what I am.

There are four helps which cost me years of searching and a fortune. They are, I believe, the best beauty helps in existence. They made me a famous beauty. And now, after 32 years as a stage star, they keep me looking like a girl.

I am bringing these helps to millions, as a duty to my sex.

Now Powders Also

Every week I meet thousands in person, and millions in print, to explain the secrets of my youthful bloom.

Vast numbers also ask me what powders I employ. Until lately, I hardly dared to tell them. They were very costly powders, made to order. My beautiful friends on the stage and in Movieland all employ them now.

But I have arranged to have these powders made at modest prices. Not under their original name but under my name. Now you can get these exquisite powders, if you wish, at ordinary prices. Nearly every dealer has them.

The Finest We Know

We on the stage and screen are careful of our looks. And we are extravagant. We care not

what we pay to get the utmost in a powder.

We have found supreme creations, made to our requirements. They are as fine as vapor, as harmless as dew. I who have searched the world for beauty helps have found nothing to compare.

Personally I use a heavy, clinging cold cream powder, with a basis like my Youth Cream. I call it Youth Cream Powder. It clings and stays. But many like the powder light and fluffy, without the cold cream base. So I have both kinds prepared. And both are fragrant with my favorite perfume.

Edna Wallace Hopper's Youth Cream Powder—the clinging cold cream powder—sells for \$1. Edna Wallace Hopper's Face Powder—the light, fluffy powder—sells for 50c. Both come in white, flesh and brunette.

Druggists and toilet goods counters sell my powders now. Also my Facial Youth—my famous liquid cleanser. Also my fruit cold cream. Also my White Youth Clay. Also my Hair Youth, to which I owe my thick, fine, lustrous hair. My Beauty Book comes with each.

If you desire an exquisite powder, I hope you will try one of mine.

ISSUE MATERIAL FOR PATRIOTIC PAGEANT

State. Blair's "The Memorial Liberty Bell Pageant"—Is Designed to Inspire Real Americanism.

State. Blair's "The Memorial Liberty Bell Pageant"—Is Designed to Inspire Real Americanism.

The book contains the entire Liberty Bell Pageant, which it is hoped will be enacted and read by school children throughout the state. It is a real masterpiece of patriotism, and would furnish entertainment for an entire evening. Famous characters in our colonial and national history are portrayed, such as Patrick Henry, Lafayette, Thomas Jefferson, Paul Revere, Nathan Hale, Washington, Betsy Ross, Lincoln, Grant, Lee and Pershing.

Other and more allegorical characters also have part in the play. These are "The Spirit of 1776," "Tyranny," "Liberty," "The Thirteen Colonies," etc.

Following is the prefatory letter sent out by Mr. Blair explaining the pageant:

To Superintendents and Teachers.

The high tide of patriotism which swept the country during the World War—the entire nation feeling with one heart, thinking with one brain and acting as one man—began to ebb as soon as the armistice was signed. By nineteen hundred and twenty-one our spiritual solidarity seemed to have broken to pieces. Discontent, sordid selfishness and self-seeking appeared largely to have taken the place of that spirit of devotion and self-sacrifice which possessed us during the great crisis. Thoughtful citizens knowing that the old spirit of loyalty was still in us were anxiously seeking some way to call it forth again. They believed that if some of the great ideals of our national life could be brought forth and given prominence that we would find our better selves again. With this end in view, a plan was conceived of bringing the Liberty Bell, the symbol of national independence, to Chicago and joining it with the name of Abraham Lincoln, the symbol of national unity. As this idea began to take shape, it occurred to those who were promoting it that much of the success of the undertaking depended upon the interest they could arouse in the school children.

For arousing this many suggestions were offered. Among these was the proposal to write a pageant setting forth in dramatic form these national ideals and to have high school children enact this pageant at the Chicago Municipal Pier during the Pageant of Progress. The committee asked the Superintendent of Public Instruction to undertake such a composition. He did so and it was written.

The attempt to secure the Liberty Bell failed, and the plan of putting on the pageant was given up. The committee, however, suggested that it should be printed and supplied to the schools of Illinois in the hope that some good would come of the reading and enacting of it in various cities of the State.

Following this suggestion, the pageant is presented in this issue of the Peace and Memorial Day Annual. While most of the lines are original, I have used as much historical matter as the play would carry, and in two instances have used lines from Longfellow and Mays.

It is believed that in the larger high schools the pageant may be given substantially as written. In the smaller schools certain omissions will adapt it to the circumstances.

FRIENDS NOTICED IMPROVEMENT

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Bethel, Wis.—My female trouble was brought on by overwork. I had

and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 93 to 110 pounds and am keeping fatter now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the Vegetable Compound. —Mrs. W. G. Monson, 1515 Park Ave., Beloit, Wis.

BILL JOHNSTON WAS IDLE YESTERDAY

ST. CLOUD, France, May 23.—Cochet, of France, Tegner of Denmark and VanLennep of Poland today advanced into the quarter finals as possible opponents of the American player William M. Johnston, in the hard courts tennis championship.

Johnstone was idle today. In the lower end of the draw Johnston has yet to meet Count DeGomar of Spain and the French school boy Lacoste before he reaches the semi-finals. Miss Goss the only American woman player remaining in the tournament will meet Mrs. Bemish of England in the third round of the women's singles.

PHILLIES TRADE WITH PIRATES

Lee Meadows, pitcher, and John Rawlings, second baseman, have been traded by the Philadelphia National League Club to the Pirates in exchange for Charles Glazner, pitcher and James Tierney, second baseman. President Baker of the local club said it was a straight trade with no cash inducements.

Rawlings recently was purchased by the Phillies from the New York Giants and had not played with the local club.

PIRRO SIGNS TO MEET WILLARD

New York, May 23.—Louis Angel Pirro South American heavyweight today signed articles with Tex Rickard to fight Jess Willard, former world's champion, on July 7, in New York or vicinity.

The agreement clinching the match was signed after a conference between Pirro and Rickard at which the promoter was understood to have revised the original offer he made for the fight and which the South American declined.

Terms were not revealed but it was believed that they will guarantee each of the boxers not less than \$100,000.

Willard, signed articles with Rickard recently just prior to his departure for a vacation in California.

Rickard announced he had decided definitely to hold the bout on July 7 because it would give Pirro more time in which to train, following his engagements next month in Cuba and Mexico.

PECK SAYS BIG THINGS ABOUT NATS' ROOKIE THIRD SACKER

By NEA Service

Washington, May 23.—Roger Peckinpough, one of the greatest fielding shortstops the game has ever produced, is positive that in Osece Bluege the Nationals have one of the coming stars of the American League.

"Bluege is one of the greatest fielders I have ever worked with around third," says Peck. "The youngster has a wonderful pair of hands and is a star at going to his left. His ability to handle balls to his left is going to be a great help to me this year."

"In addition Bluege has a great arm, so necessary to a third sacker. All he needs is confidence in his own remarkable ability. When that comes he is going to make the opposition take notice and the experts say a lot of nice things about him."

"He's going to hit enough to make him a very valuable ball player. In Bluege the Washington club has a youngster who will hold down the position for years to come. If kept regularly at the job he will be a star in a couple of years. What he needs is merely the opportunity to show."

DODGERS NOT FOR SALE OWNERS SAY

NEW YORK May 23.—Colonel T. L. Huston, who on Monday sold his half interest in the New York Yankees to Colonel Jacob Ruppert, will not be able to acquire an interest in the Brooklyn Nationals at least not this season.

Colonel Huston's retirement from the Yankees ownership aroused immediate reports that he might buy into the Brooklyn club but Charles H. Ebbets, president of the Dodgers and his two partners, Ed and Stephen McKeever, today denied that their interests were for sale.

MONMOUTH WON FROM KNOX COLLEGE

Galesburg, Ill., May 23.—Monmouth College defeated Knox here today in a slow game of baseball, 4 to 1. Monmouth annexed her quarter of counters in her first two innings.

A Hamilton of Monmouth hit a home run in the initial frame.

IRON MAN MCGINNITY STOPS LOSING STREAK

Waterloo, Iowa, May 23.—"Iron Man" Joe McGinnity, aged 32, 25 years ago the idol of the New York baseball fans ended the losing streak of the Dubuque Club in the Mississippi Valley League of which he is manager, today, when he held Marshalltown to four hits and Dubuque won 1 to 0. McGinnity issued only one pass and only five men reached first base.

Charles A. Simms, of Lawrenceville is visiting his son, Harry W. Simms, an Illinois College student who is a patient at Passavant hospital.

SHOWS UP BABE

Do you know Baseball?

Questions

ONE—If a ball batted down the foul line, strikes either third or first base, and immediately goes into foul territory, is it fair or foul?

TWO—How does an umpire determine what is an infield fly?

THREE—Does an umpire at any time give consideration as to whether or not an interference is intentional?

FOUR—What was the rule adopted to help prevent the intentional pass and was it successful?

FIVE—If the batsman hits a ball over the fence should the runner be declared out if the coacher pats him on the back as he rounds third? How is the coaching rule at third interpreted?

Answers

ONE—The moment a batted ball strikes first or third it becomes a fair ball, regardless of how far foul it may then go.

TWO—It is merely a matter of opinion or judgment. Any ball which the umpire believes can be handled by an infielder immediately becomes an infield fly when he so calls it.

THREE—The umpire can never give consideration to the intent on an interference play. If it happens, he must call it.

FOUR—The rule adopted relative to the intentional pass was that the leaving of his position by the catcher, before the ball left the pitcher's hand, entitled all runners to advance one base. It was of no help.

FIVE—No attention should be paid to the act of the coacher when the batsman hits a ball over the fence. The thought of the rule is not to pay any attention to the act of the coacher unless a play is being made on the runner.

GRIFFITH ADMITS COBB GOT BEST OF RECENT DEAL

By NEA Service

Washington, May 22.—Clarke Griffith has finally lost an argument. The president of the Washington American League club is willing to admit that Ty Cobb put one over on him last winter.

Griffith has reference to the trade whereby he gave up pitcher Ray Francis to Detroit for shortstop Gagnon. Francis has been going great for Cobb, while Gagnon has passed out of the American League.

Gagnon, who came to Detroit from Holy Cross last June and was sent to Rochester for a year of experience, had a good season in the International. Seeking an understudy for Roger Peckinpough, who seemed to be slipping last season, Griffith gave up Francis for Gagnon.

Shortly after Gagnon reported in the spring it was discovered that he had a football knee, injured in a game with Harvard. From an understudy to Peckinpough, Gagnon in a short time slipped so badly that he was waived out of the league, while others not nearly so highly touted continue to stick.

Griffith frankly admits that he had one put over on him.

PIRATES DEFEAT PHILLIES IN NINTH

PHILADELPHIA, May 23.—Pittsburgh defeated Philadelphia today in the final inning, 7 to 6. Traynor tripped in the ninth and scored on Grimm's double. Jim Bagby, former Cleveland pitcher started his first game of the season for Pittsburgh but was removed in the eighth when the Phillies tied the score with none out. Kunz relieved him and held the locals hitless in the last two innings. "Cy" Williams hit his 16th home run of the current season. Traynor also hit for the circuit.

Score: Pittsburgh 000 122 101—7 14 2 Philadelphia 002 010 120—6 11 2 Bagby, Kunz and Schmidt; Head and Henline, Wilson.

NEW ORK, May 23.—Prices
continued their upward course at
the opening of today's stock
market in response to further
short covering. The recovery un-
doubtedly was aided by the state-
ment of the advisory council of
the federal reserve board that
business conditions were sound.
The rally was checked in the late
dealings, however by another bear
attack on the steel shares which
was founded on the announcement
that the claim of the Bethlehem
Steel corporation for \$5,500,000
alleged to be due under war-time
contracts had been tentatively dis-
approved by the shipping board's
claim committee.

Bethlehem Steel which had sold
as high as 54½ dropped to 52 a
few minutes after the announcement
and then moved back to 52½ where it
was off 1½ on the day. Several
other popular shares, particularly
in the steel and equipment groups
were in sympathy but the general
closing was higher than yester-
day.

California petroleum was one
of the outstanding strong spots
touching 104½ and then easing off
to 102½, where it was up four
points on the day.

LIBERAL SUPPLIES

UNSETTLED MARKET

CHICAGO, May 23.—Liberal
supplies and a moderate demand
kept the butter market here today
very unsettled and rather easy.
Top scores got the principal sup-
port. Dealers were more reluc-
tant to sell these at a loss and de-
mand was fair. On lower scores
the market was much in the buy-
ers' favor and concessions below the
quoted prices were not uncom-
mon. The car market was gener-
ally weak and unsettled. Demand
was very limited and with the ex-
ception of 90 score supplies were
liberal.

88 and 89 score cars were offer-
ed freely at outside prices while
the inside was bid. Very little
business.

MEMORIAL SERVICE AT MURRAYVILLE CHURCH

Service Monday Morning at Murrayville M. E. Church Was in Memory of Deceased Members—Service Was Impressive One.

Murrayville, May 22—One of the most impressive services ever held in Murrayville, was the memorial service for the deceased members of the M. E. church held Sunday morning at 10:45.

From the artistic decorations, with beautiful flowers, one could easily imagine that a wedding or graduation exercises might be expected; but all of the careful preparation was in loving memory of those, who through their unflinching faith and prayers and labor, had helped bring about the spiritual and material growth of the church.

Could those who worshipped at "Old Bethel" seventy years ago have beheld the scene, they would verify the truth of Rev. Harms text "He being dead, yet speaketh" for their seed sowing has brought the harvest.

After the usual opening exercises and splendid music by the choir, a special number entitled "Sometime, Somewhere" was sung by a male quartet composed of Messrs T. G. Beadles, Warren Wright, Roy Carlson and Harold Cunningham.

Then a beautiful and very impressive duet entitled "Palace of Light" was sung by T. G. Beadles and Miss Stella Cunningham, after which the names of the deceased members, back as far as 1853 and numbering 134 were read by J. L. Wyatt.

Mrs. O. N. Angelo then stepped forward and waited for two little girls, Misses Eloise Cade and Virginia Jones, to come down the aisle bearing a beautiful basket of flowers, given by the Ladies Aid and as they stood before her she said:

"For three score years and ten, not only the vacant chair and loneliness, have marked the passing of the members of the Murrayville M. E. church, but our church records bear silent testimony of their passing."

And as, one by one, each name was read, some sweet memory came of our beloved dead. And as we recall their lives, one by one, we remember only the good that they have done.

These flowers, emblems of life and love, and the resurrection, are not only "sweet angels of tears" for our beloved dead, but are "sweet angels of hope" for our honored living.

So after they make more beautiful this trying hour with our dead, we will pass them on to the members of the church who have lived beyond four score years, hoping that they may cheer them in their peaceful twilight hours of waiting.

Of those who are gone, I cannot say, I will not say. That they are dead; they are just away.

With a cheery smile, and a wave of the hand, They have wandered into an unknown land.

An dleat us dreaming, how very fair It needs must be, since they tarry there.

And you, O you, who the wildest yearn For the old time step and the glad return; Think of them, taring on as dear.

In the love of there, as the love as here. Think of them, still as the same.

I say, They are not dead They are just away.

Then Rev. W. C. Harms spoke very earnestly on the above text, "He being dead, yet speaketh." And this beautiful service closed with a few remarks and earnest prayer from one of the older members, Mr. George Coultas.

Following are the name of the deceased members: Granville Ash, Jane Ash, Amelia Ash, Charlotte Aldridge, Pearl Wild, Antrobus, Lee Ann Ash, Thomas G. LIBRARY REPORT HAS ITEMS OF INTEREST

Less Than One Half People of City Take Advantage of Library—Reference Work Is Heavy—Effort Made to Interest Children in Books.

The annual report of the local public library, which Miss Alice Williams, the librarian, recently presented to the city council, contains some items of public interest. It is stated that less than one half the population of Jacksonville make use of the library and its facilities for educational improvement. Books loaned during the eleven months ending March 31 totaled 79,452, a circulation averaging 7,241 volumes per month. This shows a gratifying increase over the average for the previous year, which was 6,948 volumes per month. New books added to the library during the year numbered 865.

The largest collection of books purchased in the year is "The Chronicles of America," a fifty-volume set of historical writings. It is a history of the United States written for the people themselves. A number of biographical books were also added, as well as works of fiction and other branches of literature.

The Drama League of the Jacksonville Center, which was recently disbanded gave the money remaining in its treasury \$15.25 to the library. This fund is to be used for the purchase of books which will aid amateurs in the presentation of drama.

The reference work at the library during the past year has been especially heavy, requiring

A Hartford Farm Policy Covers Personal Effects.

There is a special form of protection designed for the farmers of America.

It covers all farm buildings, household goods, provisions, fuel and personal effects, grain, seeds, hay, straw and fodder, all kinds of stock feed, farm tools, implements and machinery, harness and similar equipment, vehicles, horses, mules, cattle, sheep and hogs, against the hazards of fire, lightning, tornadoes, cyclones and windstorms.

You may also buy protection against hailstorms in connection with the above liberal coverage.

the entire time of one assistant. The college and high school students have been aided in the gathering of material for debates on a wide variety of questions. The year books of twenty clubs, nine in the county and eleven in the city, have been kept on file, and the program leader for each meeting has been notified of the material which the library had on hand for her particular subject.

From time to time the local library has borrowed books from the State Library at Springfield and from the St. Louis Public Library, and has in turn loaned books to branches in nearby communities. Talks given by the librarians to the children in the various rooms of the city grade schools brought results in an increase of children's applications for cards. The boys and girls were advised as to how to care for books, and as to what books could be found at the library that would be interesting to them. Collections of books distributed to the schools were renewed from time to time.

Troubles Over, States Popular Hotel Man

"My friends all say I look better than I have in years, and I certainly do feel the part, too," recently said Geo. L. Burke, popular day clerk at the Portland Hotel, 555 Main St., Kansas City, Mo., and a former resident of Youngstown, O., in relating his experience with Tanlac.

"Before taking Tanlac I had no appetite, and for two years had been almost a chronic sufferer from indigestion. Rheumatism, knife-like pains in my back, headaches, frayed nerves also added to my misery. I was losing weight, and had to strain every nerve and muscle to keep going.

"Well, Tanlac did away with all my troubles, added fifteen pounds to my weight, and put me in the pink of condition. I can't say enough for Tanlac."

Tanlac is for sale by all good druggists. Take no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere. (adv)

A Laxative Food that is delicious

YOU never knew before how truly delicious a breakfast of real bran food can be. Post's Bran Flakes with Other Parts of Wheat is altogether new and not a bit like the ordinary bran you may have persuaded yourself to eat in the past.

These new flakes are made by a special process, which retains with the bran other valuable parts of the wheat berry, and are crisp-cooked and appetizing. They contain the nourishing qualities of the wheat, its carbohydrates, proteins and mineral elements, plus "Nature's way" of wheat bran to induce regular habits. Post's Bran Flakes are non-irritating to any part of the digestive tract.

Happily the special process preserves practically the full vitamin content of the wheat.

The Postum Cereal Company studied and experimented for four years to find how to give you this most valuable hygienic factor, bran, in the most palatable and health promoting form.

Post's Bran Flakes is the result of those years of careful study by the Company whose name is synonymous with pure food the world over.

No chokey feeling when you swallow these delicate flakes. You don't have to try to swallow them, either, the way you do ordinary bran products.

Try them with cream or milk as your breakfast cereal tomorrow, and regularly for some days—then note the welcome difference in your regularity.

A generous package for 15 cents
